Charlotte, NC - July 22, 2012

NextPlans, an industry leading provider of construction performance management software and tools, has announced that Stephanie Hinson has joined the NextPlans' team as Program Manager. In her role, Hinson will provide project management for existing and new clients. In addition, she will work as part of NextPlans' product development team. Hinson has over 10 years of experience in the real estate and construction industry.

"Stephanie will be a great addition to our program management team," said Zane Sharpe, Vice President of NextPlans. "She will be working with new and existing accounts to oversee the performance of existing services, and will work with our product development team on behalf of the clients."

Hinson is a member of the United States Green Building Council (USGBC), and has been chosen to be a part of the USGBC's "Classroom to Boardroom Diversity Mentorship Program." Under the program, undergraduate students from diverse backgrounds pursuing studies and careers in fields related to sustainability by offering their mentees professional advice, networking opportunities and career building experiences.
